Student Achievement by Proficiency Level

FOR MORE INFORMATION

School Quality Profiles were developed by the state Board of Education to more effectively communicate to parents and the public about the performance of Virginia's public schools and the factors that can impact student learning and achievement. School Quality Profiles are available for all public schools, school divisions, and for the state at schoolquality.virginia.gov.

Additional information about the commonwealth's public schools is available on the Virginia Department of Education website at www.doe.virginia.gov.

The above charts display the percentage of students who performed at the proficient and advanced levels on Standards of Learning and other state assessments in reading, writing, mathematics, science and history/social science during the 2017-2018 school year.
